Beloved blessed families and members throughout the world!

Let us praise the names of God and True Parents!
We have all received the heavenly providential call from God for the completion of Cheon Il Guk and are doing our best wherever we are located. I am sure that as you count down the days to Foundation Day, you are restraining your heart that is bursting with hope while at the same time spending fearful days in tension and restlessness.

Never again in history will there be such a period of providential grace. We shall surely find and establish on this earth the day when heaven and earth—that is, the spirit world and physical world—merge together as one to sing and dance the victory and glory of God and True Parents. The burning tears of gratitude shed by blessed families must melt away the frozen and wicked world of Satan. The river of true love flowing from the Unification family must be able to transform people’s cold hearts into ones that exude warmth.

Brothers and sisters!
True Parents have begun a serious and important jeongseong period of 200 days for the victory of Foundation Day. They have also designated a special jeongseong period until Foundation Day for all blessed families throughout the world. As International President, I would like to convey the special instructions given to us by True Parents. I pray that you can uphold this heavenly decree with a prayerful heart, fulfill your responsibility and mission as blessed families, and inherit the great blessings of Heaven.

1) All members of the Unification family should engage themselves with a life-or-death commitment, completely investing themselves towards their respective goals during this special 200-day jeongseong period given to us by True Parents.
2) All blessed families should conduct hoondokhae every morning with their family at home or with their congregation at the church. Please be sure to observe this tradition.
3) Please offer jeongseong of 120 bows each day, fulfill your mission as a new tribal messiah, and welcome Foundation Day in victory.
4) Please lead a life focused on bringing achievements rather than on reporting them.
Beloved members!
Thank you. I thank you for your sincere faith and love with which you have followed this difficult and arduous way of God’s will throughout your life while keeping your eyes solely on True Father and True Mother. I ask that you please deeply engrave in your hearts the significance of this historic and providential jeongseong period and lead a filial life that fulfills True Parents’ special decree.
